IN INDIA WITH  
**BEST PRECISIONS**

IMAGINATION  
INTO  
REALITY

# WELCOME TO THE REALM OF UNLIMITED POSSIBILITIES

Fraxus 3D is a leading company that provides top-notch 3D modelling, printing & prototyping services. With a team of skilled designers, we can create 3D models for a diverse range of projects, from buildings to jewellery designs. Fraxus is at the forefront of 3D printing technology, offering unparalleled quality and precision.

Our services are available to a wide range of industries, including architecture, fashion, computer manufacturing, automobiles, highways, railways, education and training. Fraxus 3D takes custom orders and inquiries from clients all over the world, ensuring that their customers receive tailored solutions to their unique needs.

# Type of Models We Make

1. Highway Models
2. Airport Models
3. Railway Models
4. Water treatment Plant Models
5. Thermal Power Plant Models
6. Working Demonstration Models
7. Safety Demonstration Models
8. Architectural Models
9. Irrigation Models
10. Raw Housing Models
11. Construction Models
12. Sectional Models
13. Industrial Models
14. Landscaping Models

# 3D MODELS

Scaled Physical models are descriptive replicas of existing projects used for demonstrations & understanding complex structures, machines, & designs. They provide insights into proposed projects & are customized for various sectors, requiring attention to detail.

## Materials

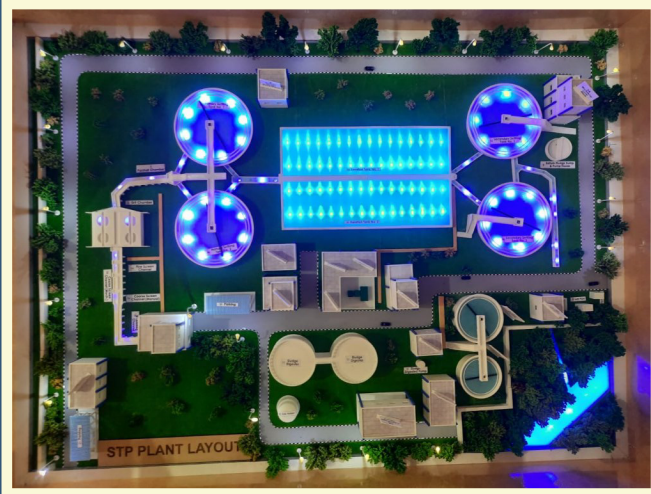

- Thermo-Plastic
- Wood
- Medium Density Fiberboard
- Acrylic
- Polycarbonate
- Metals
- PVC
- Glass
- 3D Print
- Resin
